

Cloud resources / Kubernetes Node

10.176.247.237 (Development)

Cluster Development

Role worker

Operating System Ubuntu 16.04.5 LTS

Kubelet Version v1.10.8+IKS

Container Runtime docker://17.6.2

Labels arch=amd64 | beta.kubernetes.io/arch=amd64

Kubernetes Node - worker

Name 10.176.247.237 (Development)

kubelet has sufficient
memory availableNode 10.176.247.237 status
is now:

NodeHasNoDiskPressure

kubelet is posting ready
status. AppArmor enabledkubelet has sufficient disk
space availableNode 10.176.247.237 status
is now:

NodeHasSufficientMemory

kubelet has sufficient PID
availableNode 10.176.247.237 status
is now: NodeReady

kubelet has no disk pressure

Node 10.176.247.237 status
is now:

NodeHasSufficientDisk
