kubelet has sufficient memory available

Node 10.176.247.237 status is now: NodeHasNoDiskPressure

kubelet is posting ready status. AppArmor enabled

kubelet has sufficient disk space available

Node 10.176.247.237 status is now: NodeHasSufficientMemory

kubelet has sufficient PID available

Node 10.176.247.237 status is now: NodeReady

kubelet has no disk pressure

Node 10.176.247.237 status is now: NodeHasSufficientDisk
